

siRNA transfection in U2OS osteosarcoma cells

Order #:
[VB-01LB-01](#) or [VB-01LB-03](#)

Viromer® BLUE

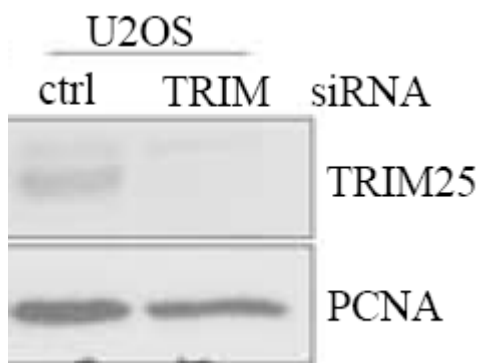

Fig. 1: Knockdown of control and target gene in U2OS cells transfected with Viromer® BLUE

Viromer® GREEN

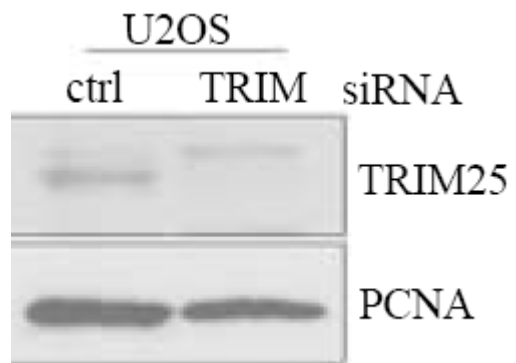

Fig. 2: Knockdown of control and target gene in U2OS cells transfected with Viromer® GREEN

Transfection of U2OS osteosarcoma cells with with Viromer® BLUE or GREEN

- standard protocol
- almost complete knockdown of Trim25 in U2OS cells
